ME--on the road

I drove to michigan and back today (500 miles). That is a long trip, but I love seeing my son, so I do it. Laughing at myself, even at age 74, I drove 80, gave one person the finger, squeezed inbetween some very close trucks and cars, gave some truckers the thumbs down” because it took them 10 minutes to pass another slow truck and they blocked the highway causing a string of people (like me) to go slower than the speedlimit (haha).

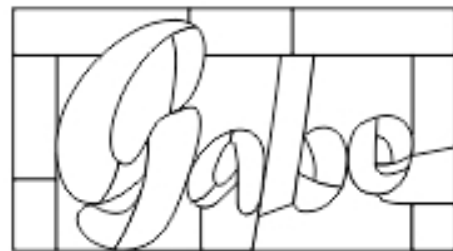

I stopped to get gas and go potty and lo, the sign on the restroom door said “no public restroom” I about fainted after I had dumped \$25 worth of their gas in my gas tank.... but my grey hair and whatnot led the owner to signal me it was OK to use. Thank goodnes. I guess she thought I wasnt going to shoot anything up, or hide any items under my coat, or defile the place? Who knows what she thought.

I listened to google driving instructions try to take me from 75 to 275 and all around other places near cincinnati, even turning left on a nearby street after I was already home... what happens to my phone?? that google cant get me home.... this happens to me frequently when I use google for directions.

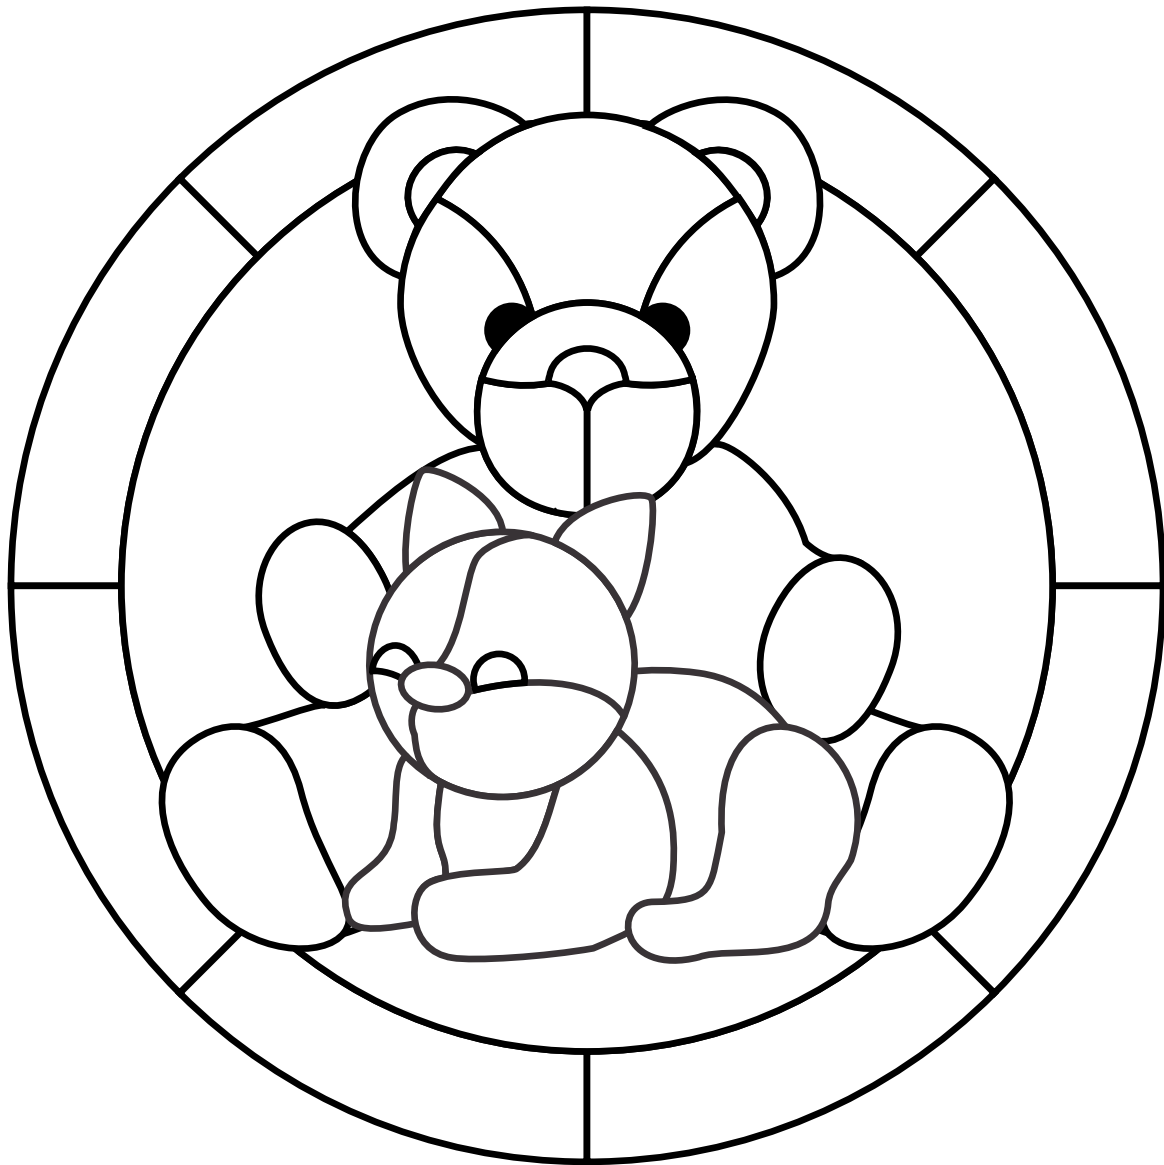

And it makes me feel dependent to have to ask for help with the dogs when I travel (the neighbor lets the dogs out once or twice during the 12 hour stint) otherwise I would have to vacuum up the sofa cushion polyester, and the pillow feathers, and repair the floors and so on. And the worst part is I get nervous stomach aches that really hurt... ha ha... Ha... Anyway, I also get on my knees and say “praise the lord, I am home safely”
